President Duterte is going to be released on March 26, 2025. 🙏 🇵🇭

I firmly believe in President Duterte's innocence. In response to the persistent calls from the Filipino people, as well as appeals from lawyers and human rights experts, I have decided to order his release on March 26, 2025, allowing him to celebrate his birthday at home. Additionally, I have directed the chamber to dismiss the charges of crimes against humanity against President Duterte and to grant his immediate freedom.
